The art of making Tibetan carpets by hand using the finest materials is cherished by Tufenkian. The exquisite Tibetan highland wool is carded, spun, dyed, woven and sheared by hand. Truly, each carpet is unique unto itself, conceived in a journey through a sea of human hands weaving it into existence. Tufenkian is equally committed to creating the finest handmade carpets and improving the lives and communities of those who create them.

Prices vary between €700 and €1.990/m²
